Cosmetic Smile Makeover

Dear Friend,

If you are an extremely fearful dental patient that has neglected yourself, or you look in the mirror and you are embarrassed with your smile, or would just like to make some subtle changes in your smile, and then the following information will be of interest to you.

Ask yourself the following questions...

- **Do you dislike your chipped, missing, crooked, or stained teeth?**
- Would you like to have whiter, straighter teeth that look magnificent?
- **Would you like to look and feel 10 years younger and receive compliments about your attractive smile?**
- Have you been putting off going to the dentist due to fear, anxiety or pain sensitivity?
- **Have you ever wondered what it would be like to smile with CONFIDENCE?**
- Are you ever embarrassed or frustrated with you teeth and/or your smile?
- **Do you have teeth that are crooked, twisted, overlap, or have gaps and would like a simple solution that gives you a fantastic smile?**
- Do you want a smile that lights up a room and sparkles?

There are many success stories that have come through our office. When you come into our office you can see pictures of patients who came in with various problems!

Most of us were not born with a great smile so the only way to find out what is available to you is by going to a dentist that has stayed current with the advancements in dentistry, and has a focus on **educating people rather than selling**. This way YOU get to hear ALL your options rather than just being told the “Highest Profit” procedure.
